- Carpet Cleaning
- Soil Remediation

Where We Operate

- Division Headquarters ~ Quincy, IL
- Research and Development ~ Quincy, IL
- Manufacturing Facility ~ Sedalia, MO
- Remanufactured Machines ~ Fishers, IN
- Sales & Service ~ Worldwide

Why Gardner Denver

- Tradition
- Engineering
- Results
- Quality
- Service

Experience Proven Results™

GD CycloBlower®

Helical Screw - DSL
Airflow to 6,700 cfm
Pressure to 20 psig
Vacuum to 17" Hg
Wet Vacuum to 24 "Hg

- Efficiency leader at higher pressure
- Quiet, shock free compression
- Clean air & gas delivery
- Higher pressure & vacuum performance

GD HeliFlow®

Helical Tri-Lobe - DSL
Airflow to 3200 cfm
Pressure to 15 psig
Vacuum to 16" Hg

- Innovative & revolutionary PD blower design
- Reduced noise by 4-7 dBA
- Superior overhung load capacity

GD TriFlow®

Straight Tri-Lobe - DSL
Airflow to 700 cfm
Vacuum to 16" Hg

- Tri Lobe impeller design for reduced noise & pulsation
- Advanced oil/air seals for reliable air delivery
- Heavy-duty design for reduced downtime

GD DuroFlow®

Straight Lobe - DSL
Airflow to 4,300 cfm
Pressure to 15 psig
Vacuum to 16" Hg

- 60+ years of proven results
- Advanced oil/air seals for reliable air delivery
- One piece rotor/shaft for increased durability

GD Sutorbilt®

Straight Lobe – Grease & DSL
Airflow to 16,800 cfm
Pressure to 20 psig
Vacuum to 16" Hg
Wet Vacuum to 24 "Hg

- 75 years of proven results
- Legend, 4500, 8000 & Quiet Series
- Available with mechanical seals

GD IQ Package

Airflow to 1500 cfm
Pressure to 15 psig
Vacuum to 16" Hg

- Intelligent package engineered with innovation & quality
- Intensely Quiet design (as low as 60 dBA)
- Integral AirSmart Controller provides component monitoring
- Backed by 150 years of proven results
